

Wall Bracket Replacement Hooks

Series 1016

Replacement Pins

Eight pins allow easy customization of any of our wall bracket systems

Replacement Hooks

Hooks hold brushes, scrapers and other smaller hand tools and easily attach to our wall bracket systems

This kit contains 4 hooks and 8 pins for use with wall brackets 1017 and 1018. Allows total customization of the wall bracket system to fit any color-coded program. Extra hooks can be added to hold more hand tools such as brushes, scrapers and squeegees.

Wall Bracket Replacement Hooks

1016

Wall Bracket Replacement Hooks combine with our wall bracket systems to allow total customization of our storage systems. Hold more smaller hand tools with these easy-to-install hooks.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
