

# Wall Bracket Replacement Clips

Series 1019

## Replacement Pins

Eight pins allow easy customization of any of our wall bracket systems

## Rubber Clips

Push any Remco/Vikan handle into a rubber clip and it will hold the tool until it's removed for a quick and easy storage solution

This kit contains 4 rubber clips and 8 pins for use with wall brackets 1017 and 1018. Allows total customization of the wall bracket system to fit any color-coded program. Extra clips can be added to hold more tools with any Vikan/Remco handles.

**Wall Bracket Replacement Clips**

1019

Wall Bracket Replacement Clips combine with our wall bracket systems to allow total customization of your storage system. Hold more tools with any Vikan/Remco handles and quickly store and remove them with our innovative clip system.

**The Color-Coding System**

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
