

# Ergonomic Washing Brush

Series 4167

## Hanging Hole

The easy hanging hole makes storage a breeze and allows water to drain out

## Ergonomic Handle

Handle makes the tool easy to apply pressure to efficiently without wasting effort

## Soft/Split Bristles

Split bristle fibers hold more water and cleaning agent to achieve a maximum washing effect

This ergonomic hand brush is fully color-coded and has split bristle fibers that retain water for a good washing effect. The ergonomic grip makes the brush easy to use, and the hygienic design makes the brush itself easy to clean.

## Ergonomic Washing Brush

4167

Made especially for wet cleaning applications in the food processing industry, the Ergonomic Washing Brush has split filaments that “carry” water and washing fluid. The ergonomic handle makes the brush easy and efficient to use.

## The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
