

Short-Handled Washing Churn Brush

Series 4194

Ergonomic Handle

Comfortable grip helps prevent hand fatigue

Hygienic Design

Angled and rounded surfaces improve brush cleanability

Split Bristles

Split bristles create maximum water and cleaning agent retention to clean sensitive surfaces

This is a short-handled washing brush with split bristles.

Short-Handled Washing Churn Brush

4194

This fully color-coded, short-handled, wash brush has a comfortable grip allowing you to work for long periods of time without hand fatigue. The split bristles are great for washing very sensitive areas, like glass, stainless steel, and acrylic surfaces. The bristles are designed to retain water and chemicals. You can use the brush holding both the handle and the brush head to give you better control.

Specifications:

Length: 10"
 Width: 2.75"
 FDA Compliant Raw Material: Yes
 Block Material : Polypropylene

 Unit Weight: 0.5 lbs

Colors

When ordering, add the color digit to the base part number to denote color.

Fully updated product specifications are available at Vikan.com.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
