

64 oz. Bowl Scoop

Series 5682

Pouring spouts

Pouring spouts on both sides for convenient use with either hand

Measuring scale

Measurement markings on the inside of the scoop

The ergonomically designed round bowl scoop is lightweight and durable. It is designed with a pouring spout on 2 sides to enable both left and right hand users to pour from the scoop. Its one piece construction eliminates areas where bacteria can hide. Smooth surface makes it extremely easy to clean, ideal for use in food production areas for moving food ingredients, liquids, etc. There is a measuring scale inside the scoop.

64 oz. Bowl Scoop

5682

Round bowl scoops feature an improved ergonomic handle, dual pouring spouts, and clearly defined measuring marks inside the scoop. The grip is designed with an integrated hook for hanging on container edges.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
