

# Remco 24" Hazmat Handle

Series 6024

**REMCO**

Remco's hazmat handles are essential elements to a low-cost, total solution to chemical clean-up tasks. Stiff but lightweight, they feature honeycomb construction with smooth, chemically resistant gel-coat surfaces.

## Remco 24" Hazmat Handle

6024

Available in white only

The mid-length hazmat handle allows you to clean a chemical spill economically and efficiently. The handle is long enough to reach between machinery, but still small enough to fit in tight spaces. The size is ideal for cleaning spills in hard-to-reach and hard-to-navigate spaces.

### Specifications:

Length: 24"

Width: 1.3"

Height: 1.3"

FDA-Compliant Raw Material: No

Material: Fiberglass

Unit Weight: 0.59 lbs

### Colors

When ordering, add the color digit to the base part number to denote color.

Fully updated product specifications are available at [Remcoproducts.com](http://Remcoproducts.com).

## The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.
