

Remco Dual Thread Adapter

Series 6200

REMCO

This dual thread adapter allows Remco's safety shovel blades to be used in conjunction with any European-thread handle. It affords Remco's safety tools a higher degree of flexibility to meet the needs of a variety of safety tasks.

Remco Dual Thread Adapter

6200

Available in white only

This dual thread adapter allows Remco safety shovels to be attached to standard handles. The one-piece construction and durable plastic will keep the adapter from breaking in the harshest conditions.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
