

Remco 29"- 46" Compact Telescopic Hazmat Handle

Series 6228

REMCO

Remco's hazmat handles are essential elements of a low-cost, total solution to chemical clean-up tasks. Stiff but lightweight, they feature honeycomb construction with smooth, chemically resistant gel-coat surfaces. This compact handle is extendable for easy storage and extended reach.

Remco 29" - 46" Compact Telescopic Hazmat Handle

6228

Available in white only

Remco's telescoping hazmat handle offers the best of short handles' ability to navigate tight spaces and long handles' ability to reach between machinery. The handle can be extended for floor spills or kept smaller for benchtop applications.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
