

Collapsible Emergency Blade Shovel

Series 6880EB

REMCO

This compact shovel is ideal for spill kit applications, as well as a wide variety of other uses. Constructed of injection-molded ABS plastic, it will not damage tires or truck beds. It is non-sparking and resistant to chemicals and corrosion, making it an excellent addition to spill kits. It collapses for easy storage in commercial trucks or vehicles—or even the family car.

Collapsible Emergency Blade Shovel

6880EB

■ ■
G O

Our Collapsible Emergency Blade Shovel is ideally suited for inclusion in a spill kit. Chemically resistant and quick to extend, the shovel has a wide blade that can clean up hazardous material quickly and easily.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
