

Safety Shovel w/ 10" Blade- Extended Handle

Series 6896SS

REMCO

Extended Handle, Wide Grip

The extra length combined with a wide D-grip handle makes this shovel ergonomically friendly and easy to use

Easy Locking Mechanism

Locking mechanism is simple to use and allows for easy storage

Non-sparking Blade

Blade is non-sparking and static resistant for easy use with chemicals and other materials

Remco's polypropylene safety shovel is tough and lightweight. It is a workhorse for moving bulk materials in industrial settings. This unit features an extended length handle and standard blade.

Safety Shovel w/ 10" Blade- Extended Handle

6896SS

Available in green and black only

The extended-length handle combines with a 10" blade to create our safety shovel. The ergonomic design and lightweight polypropylene makes it easy for workers to use this heavy-duty shovel.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
