

26" Aluminum Light-Duty Handle

Series 29513

Hand Grip and Hanging Hole

Textured grip makes it easier to hold and the hanging hole makes storage easy

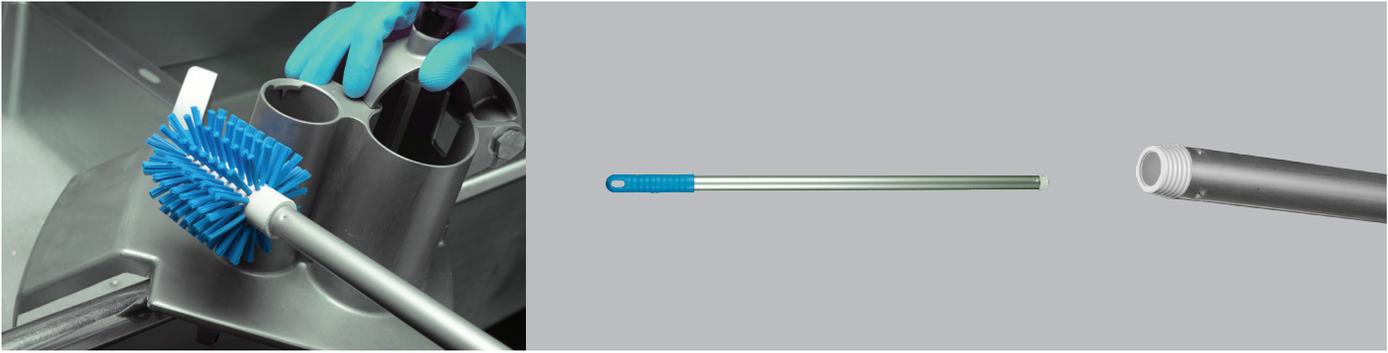

Aluminum Construction

Easy-to-clean and food-safe, aluminum is a practical choice for many food production tasks

Hygienic Euro Thread

Hygienically designed Euro thread prevents walk-off and is easy to clean

This medium length handle with poly grip is an economical solution to cleaning needs in the food processing environment. Whether it's used as a part of a hazmat spill kit or to clean drains, this light-duty handle can be combined with any of our Euro threaded tools to perform a variety of cleaning tasks.

26" Aluminum Light-Duty Handle

29513

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.
