

Hook Brush

Series 5372

Threaded Grip

Hygienic threading inside the grip allows connection with Vikan handles, greatly extending reach

Curved Design

Curvature of the brush allows for efficient cleaning around and above pipes

Stainless Steel Wire

The semi-flexible stainless steel wire provides users with the durability and flexibility to clean pipes of various diameters

Total Color

One color from bristles to grip, making it easily identifiable in your color-coding program

Cleaning between and around pipes is made easier with the curved design of the hook brush. The hand grip utilizes a threaded recess on the end that allows another handle to be connected to the brush. When connected to a Vikan handle, the extended hook brush allows comfortable cleaning of pipes in high or difficult to reach areas.

Hook Brush

5372

Cleaning around pipes and equipment is made easier with the angled design of the hook brush. Connecting a handle to the hook brush grip provides options for greater reach. All materials are FDA compliant, and the grip matches the bristle color for easy integration into a color-coding program.

Specifications:

Length: 15.5"
 Width: 2.25"
 Height: 7.6"
 FDA Compliant Raw Material: Yes
 Block Material : Polypropylene
 Bristle Material : Polyester
 Other Material: Stainless Steel
 Unit Weight: 0.35 lbs

Colors

When ordering, add the color digit to the base part number to denote color.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
