

5 Gallon Bucket

Series 5692

Handle Grip

The handle makes it easy for workers to carry heavy loads

Sloped Back

Back is sloped for faster stirring, mixing, and emptying

Durable Polypropylene

Polypropylene construction means this bucket can withstand heavy-duty use

Dual-Carry Handles

Side handles allow two people to work together to move heavy loads

This durable 5 gallon bucket is a problem-solver, however you use it. Move, mix, store, sanitize; regardless of the application, this hygienic bucket is designed with food safety and functionality in mind. Drainage hole at the bottom allows water to escape when the bucket is being hung upside down.

5 Gallon Bucket

5692

Vikan's 5 Gallon Bucket is perfect for storing solid or liquid ingredients and combines with the snap-on lid (5693) to make an ideal temporary storage solution. The bucket can be carried by one or two workers and features an easy-pour spout.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
