

# Remco 12" Hazmat Handle

Series 6012

**REMCO**

Remco's hazmat handles are essential elements of a low-cost, total solution to chemical clean-up tasks. Stiff but lightweight, they feature honeycomb construction with smooth, chemically resistant gel-coat surfaces.

## Remco 12" Hazmat Handle

6012

Available in white only

The short hazmat handle allows you to clean a chemical spill economically and efficiently. The handle is long enough to keep employees' skin away from hazards but short enough to easily fit in tight spaces. The 12" handle is ideal for spills on bench tops or in tight, hard-to-navigate spaces.

### Specifications:

- Length: 12"
- Width: 1"
- Height: 1"
- FDA-Compliant Raw Material: No
- Material: Fiberglass
- Unit Weight: 0.34 lbs.

### Colors

When ordering, add the color digit to the base part number to denote color.

## The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
