

Remco 102"- 133" Telescopic Hazmat Handle

Series 6264

REMCO

Remco's hazmat handles are essential elements of a low-cost, total solution to chemical clean-up tasks. Stiff but lightweight, they feature honeycomb construction with smooth, chemically resistant gel-coat surfaces. This handle allows for extended reach for difficult clean-up tasks.

Remco 102" - 133" Telescopic Hazmat Handle

6264

Available in white only

Remco's longest telescoping hazmat handle makes cleaning up chemical spills in hard-to-reach places easy. The handle pairs well with our hazmat squeegees to clean chemical spills on the floor or on walls. The added length makes it possible to reach between the largest machinery.

Specifications:

- Length: 102.4" - 132.5"
- Width: 1.3"
- Height: 1.3"
- FDA-Compliant Raw Material: No
- Material: Fiberglass
- Unit Weight: 4.34 lbs

Colors

When ordering, add the color digit to the base part number to denote color.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
