

Remco 16' Fiberglass Extension Handle

Series 6269

REMCO

Telescopic

Adjust the length of the handle anywhere from 98.4" to 186" to achieve the desired length needed for the job

Durable

Handle surface is sturdy fiberglass with a smooth surface for easy cleaning and a long tool lifespan

Hygienic Euro Thread

Thread is specially designed with shallow, hygienic grooves that prevent walk-off

This fiberglass extension pole extends past 15 feet, and makes easy work of a variety of difficult-to-reach cleaning tasks. Washing down walls and tall tanks is possible without the use of a ladder.

Remco 16' Fiberglass Extension Handle

6269

Available in white only

Remco's extension handle easily telescopes with a smooth twisting action, allowing for cleaning in the most difficult-to-reach areas of a facility. The smooth surface is easy to clean and the fiberglass construction makes the handle durable and long-lasting.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
