

52" Mixing Paddle

Series 6777

REMCO

One-Piece Construction

Polypropylene one-piece construction is hygienic and FDA-compliant

Wide and Long Handle

The wide handle allows for an easy grip while the extra length is ergonomically friendly

Unique Paddle Shape

The paddle shape makes this tool useful as a scraper or as a mixer

This two-in-one tool is handy for both mixing and scraping, and is great for a variety of applications such as soup, confectionery, dough, and sauce manufacturing as well as many other food processing or other mixing tasks. One-piece construction and the unique long-handle design make it easy to use for many jobs. Plastic is a lightweight alternative to metal mixing paddle scrapers, and will reduce fatigue for the user.

52" Mixing Paddle

6777

Use this versatile paddle as a scraper or a mixer. The long handle will allow workers to reach the bottom of large vats and the durable one-piece construction will keep the piece mixing and scraping for years to come.

Specifications:

Length: 51.8"

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
