

Tank Brush, Stiff

Series 7037

Multi-directional Bristles

Bristles are angled and cut to create an oval-shaped head to clean curved surfaces

Use with Euro-thread Handle

Attaches to any length Euro-thread handle to fit the application

Versatile Design

Wide on one side and narrow on another to allow the brush to fit into many spaces

This is an oval-shaped tank brush with stiff bristles that is designed to clean curved surfaces. This tank brush can be attached to any Remco or Vikan euro-thread handle to provide extended reach where needed.

Tank Brush, Stiff

7037

The oval-shaped brush with stiff bristles is effective for scrubbing inside large industrial tanks and other large container-like equipment. The rounded edges work well to clean down the sides of equipment. It also fits well into large channel drains.

Specifications:

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
