

# Tank Brush, Stiff

Series 7037

## Multi-directional Bristles

Bristles are angled and cut to create an oval-shaped head to clean curved surfaces

## Use with Euro-thread Handle

Attaches to any length Euro-thread handle to fit the application

## Versatile Design

Wide on one side and narrow on another to allow the brush to fit into many spaces

This is an oval-shaped tank brush with stiff bristles that is designed to clean curved surfaces. This tank brush can be attached to any Remco or Vikan euro-thread handle to provide extended reach where needed.

**Tank Brush, Stiff**

7037

The oval-shaped brush with stiff bristles is effective for scrubbing inside large industrial tanks and other large container-like equipment. The rounded edges work well to clean down the sides of equipment. It also fits well into large channel drains.

**Specifications:**

- Length: 8.3"
- Width: 5.1"
- Height: 3.7"
- FDA Compliant Raw Material: Yes
- Material: Polypropylene / Polyester / SS
- Unit Weight: 1.0 lbs.

**Colors**

When ordering, add the color digit to the base part number to denote color.

Fully updated product specifications are available at [Vikan.com](http://Vikan.com).

**The Color-Coding System**

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
