

Angled Deck Scrub

Series 7044

Use with Euro-thread Handle

Attaches to any length Euro-thread handle to fit the application

Stiff Bristles

Ideal for scrubbing stubborn food particles and sticky substances

Two Bristle Lengths

Longer bristles reach into corners, and shorter bristles clean the remaining surface

This is a deck scrub that is ideal for cleaning areas with corners or awkward recesses.

Angled Deck Scrub

7044

This deck scrub is specifically designed for cleaning difficult-to-reach and constrained areas. By applying firm downward pressure on the scrub, the bristles will reach and clean into awkward corners and recesses.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
