

# Deck and Wall Washing Brush

Series 7061

## Versatility

Designed to be used with many types of floors and fits into many common spaces

## Use with Euro-thread Handle

Attaches to any length Euro-thread handle to fit the application

## Medium Bristles

Effective water distribution that is ideal for cleaning heavily soiled areas

This is a combination sweeping and scrubbing brush that is commonly used on floors and walls.

## Deck and Wall Washing Brush

7061

This sweeping and scrubbing broom has bristles that are soft enough to sweep medium to small sized particles in both wet and dry environments. The bristles are also firm enough to use as a gentle scrubbing broom to wash away loose dirt and particles. This broom is often selected for sensitive flooring.

### Colors

When ordering, add the color digit to the base part number to denote color.

Fully updated product specifications are available at [Vikan.com](http://Vikan.com).

## The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.
