

20" Swivel Neck Foam Blade Squeegee

Series 7763

Swivel Neck

The swivel neck feature allows flexibility and superior mobility in tight and difficult-to-reach spaces

Hygienic Euro Thread

Hygienically designed Euro thread prevents walk-off and is easy to clean

Replaceable Blade Cassette

Foam blades are replaceable (part 7773) to extend the overall life of the squeegee

The foam rubber blades on this squeegee are highly effective on all types of floors, as the soft rubber reaches into and cleans all spaces on the floor, such as grouting between tiles. The swivel neck feature allows flexibility and superior mobility in tight and difficult-to-reach spaces. The cartridge system blades can be removed for easy cleaning and replaced when worn out, making the model a very economical option. Replacement Squeegee Blades: Series 77735 or 77739.

20" Swivel Neck Foam Blade Squeegee

7763

Soft rubber blade is ideal for cleaning tile or concrete floors. The swivel neck allows the tool to reach around machinery and into tight spaces. The replaceable blades make this model a cost-effective option as a floor cleaning tool.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
