

Double Blade Ultra Hygiene Bench Squeegee

Series 7711

Replaceable Blade Cassette

With finger tabs, easily replace worn out blades to extend usability

Hygienic Double Blades

Rubber blades are non-porous and easy to clean

Mini Handle

A 6.5 inch handle is included, the ideal size for bench top applications

This is a small bench squeegee used for drying surfaces after a sanitizing process or for pushing food from one area to another.

Double Blade Ultra Hygiene Bench Squeegee

7711

The double rubber blades on this bench model squeegee are non-porous and easy to clean. The cartridge system blades can be removed for easy cleaning and replaced when worn out, making the model a very economical hygienic option. Works well for wet or dry applications.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
